communications media technology, declaratory statements, decisions determining substantial interests, licensing, and variances and waivers, are contained in Title 28, F.A.C., Uniform Rules of Procedure. Exceptions to the Uniform Rules of Procedure were granted by the Administration Commission and are set forth in Chapter 40E-0, F.A.C. Each exception is also delineated within the appropriate substantive rules in Chapters 40E-1, 40E-3, 40E-4, and 40E-21, F.A.C.

(2) General information about the District is contained in the SFWMD "Statement of District Organization and Operation", a non-rule document published pursuant to Section 120.54(5), F.S., and Uniform Rules of Procedure Chapter 28-101, F.A.C. The Statement of District Organization and Operation provides information on the District's mission, statutory authority, delegation of authority and duties pursuant to Chapter 373, F.S.; governing board and internal organization and functions; public assistance programs and opportunities, identification of the agency clerk and the official reporter; and how to obtain District documents and publications, including district statutes, rules, and permit applications or authorizations; and document filing procedures.

(1) For a period of two years following separation of employment, or expiration of term of office, no former specified employee or official shall personally represent another person or entity for compensation before the District in connection with any matter where the person participated personally and substantially, within their last two years of employment or service on the board, and where the person has actual knowledge of the matter.

(2) Such representation is prohibited unless the Executive Director consents to such representation.

(3) This section shall apply to all specified employees hired after November 1, 1997; all employees promoted to a position which is included in the definition of specified employee after November 1, 1997; and all officials appointed after November 1, 1997.

District public officials, advisory board members and employees may provide factual information based upon District policies, databases, research or other District information sources upon request from the public, to support informing the public with accurate, current, relevant information.

(2) The Chairpersons of the Governing Board and Big Cypress Basin Board serve as elected spokespersons for these bodies and must use the privilege and trust placed in the chairperson position to promote the policies and adopted positions of the Governing Board and the Big Cypress Basin Board, and must not use the position of Chairperson to represent personal positions or interests.

(4) Any District public official, advisory board member or employee may comply with this rule by including a disclaimer in any written or oral statements which could reasonably be interpreted to influence voters. 40E-1.125 Public Information and Inspection of Records.

(1) For purposes of this section, "public records" are all records as defined in Chapters 119, 120, and 373, F.S. Unless exempt from public disclosure by law, District records can be inspected or copied either at the District's West Palm Beach Headquarters office, located at 3301 Gun Club Road, West Palm Beach, FL 33406 or any other District office where such records are maintained, during the hours specified in Rule 40E-1.121, F.A.C.

(2) Requests for public records may be submitted to any District office or department, or to the District Public Records Coordinator in writing at P. O. Box 24680, West Palm Beach, FL 33416, or by telephone at (407) 686-8800. Requestors are encouraged to submit requests in writing to expedite accurate processing of their

requests. Requests should be sufficiently detailed to identify the documents sought to be examined or copied. The District shall provide access to, and copies of, District records upon payment of fees prescribed by law. The District shall not be obligated to create or assemble a new record to accommodate any request for information.

(3) Standard legal or letter size copies of public records shall be furnished upon request for a fee of \$0.15 per page or \$0.20 for double-sided copies. The District shall waive the first five dollars (\$5.00) of costs incurred for all requests for standard size copies. Unless otherwise stated herein, all other copies of public records, including records which require special medium, shall be furnished upon payment of the actual cost of duplication.

(4) When the nature or volume of records requested to be examined or copied requires extensive use of District clerical or supervisory personnel, or extensive use of information technology resources, the District shall charge, in addition to the actual cost of duplication, a special service charge. The term "extensive use" shall mean a time period longer than 30 minutes required to locate the record, review the record for statutorily exempt information, and copy the requested material. This special service charge shall be based on the cost incurred for such extensive use of information technology resources or the labor most of the personnel providing the service that is actually incurred by the District or attributable to the District for the clerical or supervisory assistance required, or both. These charges shall not apply to the first 30 minutes of service provided. Information technology resources shall mean data processing hardware and software services, supplies, personnel, facility resources, maintenance and training. Prior to the assessment of any special services charge, the District shall notify the Requestor that the information does not appear to be readily identifiable, possibly does not exist or will require additional time to review and copy. Upon agreement by the Requestor and payment of estimated charges, if any, the District will proceed to complete the request pursuant to section (5) herein.

(5) The District shall determine which District personnel is appropriate to provide assistance in fulfilling a request. The requestor shall be required to pay any estimated special service charges, as determined by the District, prior to District personnel rendering such services. Payment for special services shall also be imposed where extensive use of District personnel or information technology is necessary to determine whether the public record exists or is exempt from public disclosure, including instances where such investigation reveals that the record either does not exist or is exempt from disclosure. The District will refund to the requestor any monies deposited with the District in excess of the actual costs incurred to fulfill a request, or, in the alternative, the requestor shall be required to remit additional monies to pay for any costs in excess of the monies deposited with the District. In the event the requestor fails to remit additional monies to cover costs in excess of the monies deposited by the requestor, the District may withhold releasing any public records produced pursuant to that request until those amounts are paid in full.

(6) All rules, forms and instructions used by the District in dealing with the public are available without cost. Rules relating to personnel matters may be obtained by contacting the District's Human Resources Division at the District's West Palm Beach Headquarters office and are also available without cost.

(7) The District may provide remote electronic access to public records determined by the District to be of interest to the general public. If remote electronic access is provided to the public, such service shall be performed pursuant to a contract with users and shall be provided free of charge.

(8) Copies of District records produced solely for general distribution may be furnished at no cost to the public; provided, however, that pre-printed copies of such records are available.

(9) Requests for District public records shall be provided to governmental and educational institutions at no cost.

Specific Authority 120.53, 373.044, 373.113 FS. Law Implemented 120.53(1), 120.57, 120.60, 373.085, 373.116, 373.119, 373.175, 373.229, 373.239, 373.243, 373.246, 373.413, 373.416, 373.429, 373.433, 373.436, 373.439 FS. History—New 9-3-81, Amended 5-11-93, 7-2-98.

Unless expressly exempt by statute or District rule, permits must be obtained from the District prior to commencement of the following activities:

(2) A water well construction permit pursuant to Chapter 40E-3, F.A.C., must be obtained prior to the construction, repair or abandonment of any well within the District;

(3) A water well contractor's license, pursuant to Chapter 40E-3, F.A.C., must be obtained by contractors engaged in the business of construction, repair, or abandonment of water wells.

(4) An individual or general environmental resource permit pursuant to Chapter 40E-4, 40E-40, or 40E-400, F.A.C., or, an individual or general surface water management or wetland resource permit grandfathered pursuant to Sections 373.414(11)-(16), F.S., must be obtained prior to:

(b) Establishment and operation of a mitigation bank.

(5) A conceptual environmental resource permit may be obtained for proposed surface water management systems or mitigation banks. However, a conceptual permit does not authorize construction or operation. A conceptual mitigation bank permit can be utilized to estimate the legal and financial requirements for the mitigation bank, information required for evaluation of the mitigation bank permit application, and potential mitigation credits that would be awarded to the specific project proposal.

(6) A proprietary authorization pursuant to Chapters 253 and 258, F.S., is required and shall be reviewed by the District for all activities which require a permit under Chapter 40E-4, 40E-40, or 40E-400, F.A.C., or a permit under subsections 373.414(11)-(16), F.S., and which are located on submerged lands owned by the Board of Trustees of the Internal Improvement Trust Fund pursuant to Section 373.427, F.S., Chapter 18-21, F.A.C., and Rules 18-18.014 and 62-343.075, F.A.C.

40E-1.603 Application Procedures for Conceptual Approval, Individual and General Permits.

(1) The following procedures for processing permit applications or notices of intent apply in addition to the requirements of Section 120.60, F.S., and Rule 28-107.002, F.A.C.

(a) Within 30 days of receipt of an application or notice of intent, the District shall review the application to determine whether all information needed to evaluate the application has been submitted. The District shall notify the applicant of the date on which the application is declared complete.

(b) If the District determines that the application is incomplete, the District shall request the information needed to complete the application within 30 days of its receipt. For individual permits and standard general permits, the applicant shall have 90 days from receipt of a timely request for additional information to submit that information to the District.

(c) The District may request information needed to clarify any additional information submitted by the applicant, or to answer new questions raised by or related to the additional information within 30 days of its receipt. The applicant shall have 30 days from receipt of such a request in which to provide the necessary information. If the application is still incomplete after such information is submitted, the District shall notify the applicant within 30 days. The applicant shall have an additional 30 days to complete the application.

(d) Failure of an applicant to provide the timely requested information within these timeframes shall be considered grounds for denial of the application. Denial of an application for lack of completeness is without prejudice to the applicant's right to file a new application on the same subject matter. The District shall grant an extension upon a showing of a good faith effort by the applicant to comply with the timelines set forth herein. Unless an extension of time has been granted by the District, any application which remains incomplete 240 days after the original submittal date of an individual permit application or 90 days after the original submittal date of a notice of intent for general permit, shall be denied without prejudice.

(e) If the applicant submits information, either in response to or independent of a request by the District, which incorporates or results in a substantial modification in the proposed activity for which the applicant seeks a permit, the application will be considered an amended application. For purposes of this subsection, the term “substantial modification” shall mean a modification reasonably expected to result in water resource or environmental impacts which differ from those expected from the original application and require detailed review. Review timelines of the permit application or notice of intent will be reinitiated under this section.

(2) Upon a determination by the District that the activity requested in the notice of intent for any general permit requires an individual permit, the notice of intent shall be processed as an application for an individual permit, unless the permit applicant withdraws the application. If the application is processed as an individual permit, the permit applicant will be required to submit payment equal to the difference between the applicable fee for the individual permit and the fee previously submitted.

(3)(a) Agency action on individual permits and conceptual approvals shall occur within 90 days of receipt of a complete application, including receipt of all requested information and correction of any error or omission of which the applicant was timely notified.

(b) An authorization to proceed for standard general permits in Chapter 40E-20, F.A.C., shall occur within 60 days of receipt of a complete notice of intent, including receipt of all requested information and correction of any error or omission of which the applicant was timely notified.

(c) Agency action on a standard general permit application in Chapter 40E-40, F.A.C., shall occur within 60 days of receipt of a complete application, including receipt of all requested information and correction of any error or omission of which the applicant was timely notified.

(d) An authorization to proceed for general permits in Chapter 40E-30, F.A.C., shall be issued within 30 days of receipt of a complete notice of intent, including receipt of all requested information and correction of any error or omission of which the applicant was timely notified.

(e) Noticed general permits under Chapter 40E-400, F.A.C., may be utilized by the applicant 30 days after the District receives the notice of intent, unless a notice that the project does not qualify for the noticed general permit is mailed by the District within 30 days, in accordance with Rule 40E-400.211, F.A.C. If notice that the proposed project does not qualify for the noticed general permit is mailed by the District to the applicant, the review process under subsection (1) shall be initiated or the applicant shall be required to apply for the appropriate permit if the requested activity is not covered by the noticed general permit rule.

40E-1.604 Bond.

(1) The Board may require the applicant for a permit to furnish a bond made payable to the District and its successors, with a reputable bonding corporation

authorized to do business in this State as surety, conditioned upon full compliance with terms of the permit, including the proper construction, operation, and maintenance of the facility. The amount of the bond shall be determined by the Board.

(2) The Board may require liability insurance in such amount as the Board may determine endorsed in favor of the District or a hold harmless agreement satisfactory to the Board, in lieu of a bond under subsection (1).

(3) The Board may require that the bond or liability insurance be maintained as a condition of the continued validity of the permit.

40E-1.6058 Publication and Requests for Notification of Permit Applications or Notices of Intent.

(1) Written Notice of Receipt of Permit Application or Notice of Intent.

(a) Persons who wish to be notified in writing of any permit application or notice of intent which affects a designated geographic area shall notify the District in writing, and shall specify their area of interest by county. Requests must be renewed every 6 months. The District shall provide written notice of receipt of application or notice of intent to all persons who have filed in the preceding 6 months a written request for notification of any application or notice of intent affecting the designated geographic area in which the proposed activity is to occur.

(b) Notices of intent for general permits shall be posted in the District Service Center responsible for reviewing the notice of intent.

(2) Publication of Notice of Receipt of Permit Application or Notice of Intent.

(a) Within 45 days of receipt of an individual permit application, the District shall publish notice thereof in a newspaper having general circulation as defined in Chapter 50, F.S., in the county in which the activity will occur.

(b) Within 14 days of filing notice of intent to use a general permit or application for a standard general permit, persons qualifying for the use thereof are not required to, but may publish notice of such filing in a newspaper of general circulation, as defined in Chapter 50, F.S., in the area affected by the proposed project. Proof of publication shall be submitted to the district within 14 days of publication.

(c) Published Notice of Use for No Notice General Permits. Publication of notice of use of general permits for which no notice is required to be filed with the District may occur if desired by the permittee. The published notice must be published in a newspaper of general circulation, as defined in Chapter 50, F.S., in the area affected by the proposed project within 7 days of commencing work. If published, proof of publication must be submitted to the district within 14 days of publication.

(3) Interested persons shall have the opportunity to inspect a copy of the permit application at the appropriate District Service Center and submit written comments, which shall be considered by the District if received before the District issues proposed agency action concerning the application. Where appropriate, the District shall request that persons submitting comments furnish additional information reasonably necessary to ascertain the nature of the comments.

(4) Persons who wish to be advised of the proposed agency action regarding a particular permit application shall file a written request for further notice within 14 days of receipt of the notice of application.

(5) The governing board may charge a subscription fee for information requested in accordance with this section to any person who has filed a written request for notification of any pending applications, pursuant to Rule 40E-1.125, F.A.C.

Specific Authority 373.044, 373.113 FS. Law Implemented 120.53(1), 120.60(3) FS. History—New 10-3-95, Amended 7-2-98, 6-12-00.

40E-1.6065 Consideration of Intended Agency Decision on Permit Applications.

(1) After the application for a permit is declared by staff to be complete, if a governing board hearing on the permit application is required, the District shall prepare a Staff Review Summary, which shall contain its recommendations regarding the subject application and which shall constitute intended agency decision. A notice of intended agency decision together with the Staff Review Summary shall be furnished to the applicant and any persons requesting the same pursuant to Rules 40E-.6058, F.A.C., as applicable. The notice shall state the District Staff's recommendation that the Governing Board approve, deny, or approve with conditions the permit application and the reasons therefore.

(2) The Governing Board shall consider the application for a conceptual approval, individual environmental resource, individual surface water management, or individual water use permit application at its next available regularly scheduled regulatory meeting following the mailing of notice of intended agency decision, unless an administrative hearing is requested and granted pursuant to Section 120.569, F.S.

(3) In no case shall agency action be taken later than 90 days after the application for a conceptual approval, individual environmental resource permit, or individual water use permit is declared complete unless waived by the applicant or stayed by the filing of a petition for an administrative hearing. The permit applicant may voluntarily waive the timeline for governing action on the permit application in Section 120.60, F.S., in order to resolve any outstanding issues, including third party objections, regarding the project.

(4) Because the Governing Board may take a final agency action which materially differs from the noticed intended agency action, applicants and other interested persons should be prepared to defend their position regarding the permit application when it is considered by the Governing Board. If the Governing Board takes final agency action which materially differs from the intended agency decision, the District shall mail a notice of the final agency action to all persons who were notified of the intended agency decision.

40E-1.607 Permit Application Processing Fees.

A permit application processing fee is required and shall be paid to the District when certain applications are filed pursuant to District rules. An application shall not be considered complete until the appropriate application fee is submitted. These fees are assessed in order to defray the cost of evaluating, processing, monitoring, and

inspecting for compliance required in connection with consideration of such applications. Fees are non-refundable in whole or part unless the activity for which an application is filed is determined by the District to be exempt or the fee submitted is determined by the District to be incorrect. Failure of any person to pay the applicable fees established herein will result in denial of an application. Activities that do not require a permit and are exempt pursuant to Rule 40E-2.051 or 40E-3.051, F.A.C., are not subject to the following permit application fees. - (1) Procedures concerning the District's denial of permit applications are contained in the Uniform Rules of Procedure, Rule 28-107.003, F.A.C.

(2) A recommendation for denial is based exclusively upon the specific proposal submitted by the applicant. Denial of permit is without prejudice to the applicant's right to file a modified proposal through a new application.

In such instances, due consideration shall be given to the extent to which the permittee has detrimentally relied upon the permit.

(4) The provisions of subsections (1) and (2) shall not preclude the District from exercising other enforcement remedies pursuant to Chapters 120, 373 and 403, F.S., when it determines such action is necessary and appropriate either in addition to or instead of suspension or revocation described above.

When timely application is made, the existing permit shall not expire until final agency action, or if the permit is denied or the terms limited, until the last day for seeking review of the District order or a later date fixed by order of the reviewing court.

(2) Application for a permit renewal is timely only if actually filed at the District prior to expiration of the existing permit. Mailing the application does not constitute filing.

40E-1.6105 Notification of Transfer of Interest in Real Property.

Within 30 days of any transfer of interest or control of the real property at which any permitted facility, system, consumptive use, or activity is located, the permittee must notify the District, in writing, of the transfer giving the name and address of the new owner or person in control and providing a copy of the instrument effectuating the transfer. Notification of a transfer shall not constitute a permit transfer pursuant to Rule 40E-1.6107, F.A.C.

40E-1.6107 Transfer of Environmental Resource, Surface Water Management, or Water Use Permit.

(1) To transfer an environmental resource, surface water management, or water use permit, the permittee, in addition to satisfying the applicable provisions in Rules 40E-2.351 and 40E-4.351, F.A.C., must provide information required in Rule 40E-1.6105, F.A.C., together with a written statement from the proposed transferee that it has reviewed the District permit and project design and will be bound by all terms and conditions of the permit, including all compliance requirements, for the duration of the permit.

(2) The District shall approve the transfer of a permit unless it determines that the proposed transferee cannot provide reasonable assurances that conditions of the permit will be met. The determination shall be limited solely to the ability of the new permittee to comply with the conditions of the existing permit, and it shall not concern the adequacy of those permit conditions.

(3) The District shall approve the transfer of the permit if the requirements in subsections (1) and (2) are met. If the District proposes to deny the transfer, it shall provide both the permittee and the proposed transferee a written objection to such transfer together with the notice of right to request a Chapter 120, F.S., proceeding on such determination.

(4) Until transfer is approved by the District, the permittee shall be liable for compliance with the permit. The permittee transferring the permit shall remain liable for any corrective actions that are required as a result of any violations of the permit which occurred prior to the transfer of the permit.

40E-1.611 Emergency Action.

The following applies to emergency actions, in addition to the procedures in Uniform Rules of Procedure Rule 28-107.005, F.A.C.

(1) An emergency exists when immediate action is necessary to protect public health, safety or welfare; the health of animals, fish or aquatic life; the works of the District; a public water supply, or recreational, commercial, industrial, agricultural or other reasonable uses of land and water resources.

(2) The Executive Director may employ the resources of the District to take whatever remedial action necessary to alleviate the emergency condition without the

issuance of an emergency order, or in the event an emergency order has been issued, after the expiration of the requisite time for compliance with that order.

40E-1.6115 Emergency Authorization.

(1) Permission to initiate activities regulated under Chapter 373, F.S., prior to the issuance of a permit or authorization of use may be applied for, in writing, when emergency conditions justify. However, no such permission shall be granted unless the proposed use is already under consideration for a permit under District rules. Mere carelessness or lack of planning on the part of the applicant shall not be sufficient grounds to warrant the granting of an emergency authorization.

(2) The Executive Director may grant an emergency authorization pursuant to Section 373.119(2), F.S. The emergency authorization shall be presented to the Governing Board for concurrence at its next regularly scheduled meeting. Failure to receive the Governing Board's concurrence shall automatically invalidate the emergency authorization.

40E-1.615 Coordinated Agency Review Procedures for the Florida Keys Area of Critical State Concern.

(1) This rule applies to applications for environmental resource, surface water management, and water use permits for projects located in the Florida Keys Area of Critical State Concern when the applicant has elected coordinated agency review under Section 380.051, F.S.

(2) The following coordinated agency review procedures apply to projects which are eligible for exemptions from District environmental resource and water use permitting requirements:

(a) No permit and no coordinated agency review participation by the District is required for the water uses exempted by Rule 40E-2.051 (Exemptions), F.A.C.

(b) No permit and no coordinated agency review participation by the District is required for surface water management activities which are exempted by Rule 40E-4.051 (Exemptions), F.A.C.

(3) The following coordinated agency review procedures apply to projects which require permits pursuant to Chapters 40E-2 or 40E-20 (Consumptive Use) and 40E-4 or 40E-40, (Environmental Resource), F.A.C.:

(a) The Coordinated Review Application shall consist of the application information required by Rules 40E-1.603 or 40E-1.606, F.A.C., and Rules 40E-2.101 (Content of Application) or 40E-4.101 (Content of Application), F.A.C.

(b) The District's Coordinated Review process begins when the District receives the Coordinated Review Application from the Permit Coordinator as required by subsection 9J-19.006(3) (Initiation of Coordinated Review), F.A.C.

(c) The District's Coordinated Review process follows the permit review procedures set forth in Rule 40E-1.603, F.A.C. (Application Procedures for Conceptual

Approval, Individual and Standard General Environmental Resource Permits, Individual and General Surface Water Management Permits, and Individual Water Use Permits).

(d) If the applicant waives the time limits required by Chapter 120 and Section 380.051, F.S., as set forth in Rule 9J-19.007, F.A.C., the District shall delay initiation of substantive review until written notice is received from the Permit Coordinator indicating that substantive review should begin, as provided in subsection 9J-19.007(3) (Coordination of Time for Sufficiency Review), F.A.C. If the applicant does not waive the time limits, the District shall begin substantive review when the Coordinated Review Application is complete.

(e) The Certification of the Coordinated Review Application required by Section 380.051(2)(a), F.S., and Rules 9J-19.002(3) (Purpose) and 9J-19.009(1) and (2) (Completion of Substantive Review), F.A.C., shall occur within 60 days after the District begins substantive review, and shall consist of the notice of proposed agency action together with the staff report on the individual permit pursuant to subsection 40E-1.603(6) (Procedures for Application for Individual Environmental Resource and Water Use Permits), F.A.C., which may recommend to the Governing Board approval, approval with conditions or denial of the permit.

(f) Certification concludes the coordinated agency review process. However, the applicant may complete the permit process as set forth in subsections 40E-1.603(6)-(11), F.A.C., which result in the Governing Board's approval, approval with conditions or denial of the permit.

PART VII COMPLIANCE AND ENFORCEMENT

40E-1.702 Environmental Resource, Surface Water Management Permit and Consumptive Use Enforcement Guidelines.

The District's Environmental Resource, Consumptive Use and Surface Water Management Permit enforcement program is implemented through guidelines concerning Resource Protection, Dispute Resolution and Penalty Assessments.

(1) The Resource Protection guideline provides that:

(a) Adverse impacts to water resources shall be recovered by requiring complete restoration; or

(b) In those cases where restoration of the adverse impact is not environmentally feasible, the District shall require mitigation to offset such impacts.

(2) The Dispute Resolution guideline provides that:

(a) If the violation cannot be resolved in a negotiated, pro-active manner, it is the District's policy to seek full compliance with District permits and rules through appropriate legal action; and

(b) Violations can most effectively be prevented through educating the public about District permitting practices and criteria.

(3) The Penalty Assessment guideline provides that:

(a) The District shall provide for prompt resolution of enforcement matters in a manner that best protects the public interest and water resources; and

(b) The District shall ensure that violators do not gain an economic advantage over competitors by circumventing District permitting requirements. Enforcement action shall be designed to remove any economic advantage resulting from the failure to comply with District permits and rules.

Specific Authority 120.53(1), 373.044, 373.113 FS. Law Implemented 120.62, 120.69, 373.083(2), 373.119, 373.129, 373.136, 373.430, 373.433, 373.603 FS. History—New 10-3-95, Amended 7-2-98.

40E-1.711 Orders of Corrective Action and Consent Agreements.

(1) Orders of Corrective Action.

(a) An order of corrective action may accompany and be served with an administrative complaint upon an alleged violator pursuant to Rule 40E-1.705, F.A.C. An order of corrective action shall include a description of remedial action, with implementation timeframes, and shall, if applicable, set forth any damages, costs of investigation, or other demands that the District is authorized to recover pursuant to Chapter 373 or Chapter 403, F.S. Unless a responsive pleading and request for a Section 120.57, F.S., administrative hearing is filed within fourteen (14) days after service of the order of corrective action, the order for corrective action shall become

final and effective, and shall constitute a final adjudication of the matters alleged, subject only to judicial review under Chapters 120 or 373, F.S.

(b) Orders of corrective action, which constitute final agency action, shall be enforceable pursuant to the enforcement provisions in Chapters 373 and 403, F.S.

(2) Consent Agreement.

(a) A consent agreement is final agency action wherein all parties and the District, by negotiation, have arrived at a resolution of alleged violations of law for the purpose of achieving full and expeditious compliance with Chapters 373 and 403, F.S., and District rules promulgated thereunder. A consent agreement, executed by all parties to an enforcement action, shall have the same force and effect as a final order entered by the District after a formal Section 120.57, F.S., administrative hearing, and shall be enforced in like manner.

(b) The resolution of an enforcement action which requires only the payment of civil penalties and costs but no corrective action shall be memorialized by use of a letter agreement. Any other remedial action required, such as mitigation, restoration, or procurement of permits shall be implemented by use of a consent agreement.

(c) Upon execution by the Chair of the Governing Board, or a duly authorized designee, and filing by the District Clerk, a consent agreement shall constitute agency action subject to the provisions of Rule 40E-1.511, F.A.C.

(3) A non-exempt system which is constructed, operated, altered, maintained, removed or abandoned without a permit shall be restored to its pre-violation condition, unless a permit application for such activity is approved by the District.

Specific Authority 120.53, 373.044, 373.113 FS. Law Implemented 373.119, 373.129, 373.136, 373.430, 373.603 FS. History—New 5-11-93, Formerly 40E-1.614, Amended 10-3-95.

40E-1.715 Civil Penalty Calculation.

(1) Consistency and equitable treatment are essential elements of the District's enforcement guidelines. Therefore, the District has developed a civil penalty matrix (CPM) for use in calculating appropriate civil penalties in enforcement actions. The CPM is incorporated by reference into this chapter and Chapters 40E-2, 40E-3, 40E-4, 40E-5, 40E-40, 40E-41, 40E-61, 40E-63 and 40E-400, F.A.C.

(2) The CPM is the initial basis for determining the appropriate amount for a particular penalty. The CPM reflects the District's statutory authority under Section 373.129, F.S., to seek civil penalties of up to \$10,000 per day, per violation. The CPM is comprised of two principle components:

(a) The actual or potential harm to the public and the environment that may occur as a result of the violation; and

(b) The extent of deviation from statutory or regulatory requirements.

(3) Because an economic advantage can be derived through avoidance of expenditures necessary to achieve compliance with District permitting rules and regulations, the District shall consider in its assessment of civil penalties any economic benefit which the violator may have gained through noncompliance.

(4) Multiple penalties shall be calculated for every violation which constitutes an independent and substantially distinguishable violation, or when the same person has violated the same requirement in substantially different locations.

(5) Multi-day penalties shall be calculated where daily advantage is being gained by the violator for an ongoing violation, computed by multiplying the original assessment amount by the number of days of noncompliance.

Specific Authority 120.53(1), 373.044, 373.113, 373.333(1) FS. Law Implemented 120.69, 373.129, 373.209(3), 373.430, 373.603 FS. History—New 10-3-95.

40E-1.721 Complaints, District Investigations, Probable Cause Determinations and Notices of Violations.

(1) Any person may file a written complaint with the District alleging that a person is in violation of any of the provisions of Chapter 373, F.S., or provisions of Chapter 403, F.S., for which authority has been delegated to the District, or the rules promulgated thereunder or an order issued pursuant thereto. Any person may file a written complaint alleging that a lawfully issued District permit is causing a public or private nuisance. District investigations and probable cause determinations preliminary to District action are not subject to the provisions of Section 120.57, F.S., or the rules in this part promulgated thereunder.

(2) The complaint shall specify to the best of complainant's knowledge the identity of the alleged violator, the location and nature of the alleged violation, and any additional information deemed relevant or material by the complainant. The complaint must be signed by the complainant or the complainant's agent and contain an address or phone number where the complainant can be reached. The District shall request that the complainant to furnish any additional information reasonably necessary to aid in investigating the complaint.

(3) Upon receipt of a complaint filed pursuant to this section, the District shall conduct an investigation and make a determination of probable cause. Nothing in this rule shall preclude the District from conducting investigations and probable cause determinations as otherwise authorized or required by law.

(4) An investigation or determination of probable cause is a non-adversary executive function to discover or procure evidence as part of the fact finding function of the District. The District need not have an administrative complaint pending to conduct an investigation or make such a determination.

(5) Upon receipt of a field inspection or investigation report and upon a finding of probable cause, District staff are authorized to issue a Notice of Violation providing instructions for compliance with Chapter 373, F.S., and all applicable District rules. Nothing in this rule shall preclude the District from seeking injunctive relief or filing any other action that is authorized by Chapter 373, F.S.
